The game is fun and relaxing! There is enough enemy varaiey to make the levels interesting.. Here is what I think: PROS: + Casual gameplay + Nice Environment + Music is nice + Intro animations are awesome! THINGS TO IMPROVE: - UI: There is inconsistency in the graphic style of the UI in terms of menus, icons, etc. The HP Bars and other elements are too big and annoying most of the time, especially the "Double/Triple Kill" text which is hiding half of the screen and is bumping right on top of your Gardener. - Sounds for collecting coins are a must. Also the menu music is much better than the soundtrack used for

the actual gameplay. - The trailer for steam should definitely start with the intro animations from the game, it's setting the right mood.. Here is what I think: PROS: + Casual gameplay + Nice Environment + Music is nice + Intro animations are awesome!
